USSR PRICE LIST OF CHEMICAL REAGENTS, JUNE 1954,

INDICATING SOURCES OF SUPPLY

[Comment: This list has been issued by the Ministry of Chemical Industry USSR. The numbers in the "Supply Depot" column refer to individual supply offices and stores (cf. list at the end of the report). The information in regard to the location of supply offices and stores, in addition to indicating where individual reagents are used most extensively, may possibly also serve as an indication regarding the location and distribution of plants which produce some of the chemicals in question both for reagent and industrial use.]
